## Projects

### Writing By Lilyanne

- JAMstack powered blog
- I built this project from scratch with Gatsby, React, GraphQL, Theme-UI, Framer motion, react-intl and Sanity CMS.
- The blog is available in Arabic, English and French and can be viewed in light and dark mode.

### Test Table Generator

- Table getter website that scrapes the faculty of science's test table page and displays the results.
- Built this project using Nextjs, Puppeteer and Mantine component library.
